Serial No 2

Letter no G.D 1387 dated 8th Feb 1934 from the President, City Municipal Council, Bangalore forwarding proposals for the revision of the scales of pay of the clerical Estt, so as to permit of the interchange of clerks between the municipal Offices and the Rev Department

3a) The proposals of the President have been referred fully in the statement enclosed and result in an extra expenditure of Rs 5676 per annum.

Rs. 473 pm

31) The financial position of the municipality is not satisfactory and the municipality has to pay heavy sums towards the arrears of water supply maintenance charges, which it is asked to pay in annual instalments, for want of funds. It is a point for orders whether the proposals sent up by the President may not be suitably modified, so that there may not be any extra burden on municipal funds.

32) It has been proposed to fix the pay of the Superintendent at Rs 100-10-150 pm there is no corresponding grade to this in the Rev department and may perhaps be fixed at Rs 90-5-120 so as to correspond with that of the pay of the Head Clerk of the District Office. As regards the rest the scales proposed are in order. But in view the extra cost involved the no chance among Lower, Junior, Selection Grades may perhaps be granted before

3a) Submitted for orders as to what retrenchments have to be proposed, so as to keep down the expenditure to the lowest possible amount. The statement furnished by the Govt contains information re the existing & proposed scales and the extra cost involved. It is however suggested for orders, that except the existing scale qua pay qua 1st grade clerks, the remaining grades do not correspond to any scales qua Rev dept. Hence the scale qua pay qua 1st grade clerks may remain as it is. As regards the rest (ie) 27 clerks, some may be fixed at Rs 40-2-50 and some at Rs 25-1-30-1-40 pm. Even then there will be an extra cost of about Rs 200 1/4 pm, for which there are no funds in the municipality and it is therefore a point for consideration whether any retrenchment may not be effected in the existing strength qua Govt. AM 19/2

3b) The revision called for of Scales was with a view to correspondence with those of the Rev Depts and did not contemplate Excess over the present Expenditure as Govt

A	1	May this aspect of the question be pointed out to the President and further proposals called for, so as to limit the expn as far as possible to the present amount if need be by retrenching strength. The last of the grades in the District offices is Rs 25-1-30-1-40 and this will have to be adopted in the case of the 2nd 3rd and 4th grade clerks, suitable personal allowances being given to 2nd grade clerks drawing more than Rs 40/- at present. As the proposals stand it would entail an excess of Rs 5676 per annum

Banes. no. 6618 dt 7/3/34 Jt Secretary eig. mdel Mysore Requests him to submit revised proposals, limiting the expenditure as far as possible to the present amount, retrenching the strength of the Estt, if reqd

Letter. no Ry 7 219 dated 4/8/34 from the President eig. mdel Mysore, forwarding revised proposals called for 6

1) The President states that no retrenchment of hands as possible at present.

2) The scales proposed require modification so as to correspond with those of the New dept The scale of the Bangalore Supdt and Head clerk + Semi-clerk has been fixed at Rs 95-5-120 and 50-2-60-4-80 and 40-2-50-2-60 pm. These have to be modified as 90-5-120, 50-2-60, 40-2-50. So which corresponds to the Bangalore Head clerk, Head of section and clerk qtie District office. The Bangalore remaining clerks may be fixed at Rs 25-1-30-1-40 as there is no grade qtie Rs 20-1-25-1-30 for clerks in the New dept

With these modifications which will result in a further reduction qtie extra cost, the proposals of the mdel may perhaps be sanctioned. The same scales may have been suggested to Bangalore eig. also.

4) The President states that if his proposals are acceptable to Govt, he will place the same before the mdel authority then reduction to Govt.

5) Submitted for orders.

2) The grades proposed by the President of Mysore Engineers are not quite uniform whereas in the P.W.D. there are no such grades as 50-2-60-4-80, 40-2-50-2-60 & 20-1-25-1-30 To make the grades uniform, the following scale may be adopted, as proposed in the case of the Bangalore Engineers —

7 "	20-1-25-1-30	24⅔						
32		Rs 1354 pm	32		Rs 1204 pm	32		Rs 1354 pm

3) The proposals made in this Office involve the same extra cost as in the case of the proposals of the President, viz about Rs 150 pm or Rs 1800 pa. This extra cost seems to be unavoidable, as it is not possible to reduce the cost further, unless the no. of hands is reduced, which is said to be not possible

58 The proposal involves an extra recurring cost of Rs 1791 per annum Though this extra cost is to be borne by the Municipality and ~~the Municipality~~ that body is willing to bear it, I think it not desirable to sanction it in the present financial condition of the Municipality The Municipality is not in a position to meet its normal expenditure and has not paid the dues to Government towards water supply and wants Government to forego a portion of the dues

59 The proposed revision is also not urgent and ~~appears to have emanated from~~ owes its origin to a suggestion of Government ~~apparently~~ to secure uniformity of scales of pay in the several Local Bodies Merely with this object in view, it is not desirable to permit the incurring of extra expenditure, particularly when the concerned Local Body is not in a position to meet the existing commitments

60 If it is considered absolutely necessary to have the same scales as in the Revenue Department this result should be arrived at by reducing or rearranging the numbers in the several grades without involving extra cost for which there is no justification in the present case If ~~that~~ this is not possible, I would state that the question of revision may lie over on financial grounds.

63 The proposal to revise the scales of pay so as to permit the interchange of officials between the local bodies and the Revenue Department originated from Government and the Municipal Council agreed to the proposal, as it would help to avoid stagnation and consequent inefficiency which, under the present conditions, is inevitable.

64 It is more than eight years since the present scale was revised. Since then, there has been an all-round increase of correspondence in the several departments of the Municipality due to the increased activities of the Municipality such as Anti-malaria operations, food analysis, collection of water flate rate, removal of nightsoil and rubbish through Municipal agency, increase of cultivable area in Sewage Farm, tarring and other improvement schemes Further, the city has extended all directions and the collection work has increased and correspondence relating thereto has also proportionately increased. In spite of all this, the strength of the clerical staff has remained the same In fact, there is

NOTE—Contn Sheet

WD 01955—GPB—22 500—12 6 34

need for more clerical staff rather than retrenchment and particularly the Accounts Section in the Head Office and the Revenue Department is under-manned and requires strengthening. On one or two occasions, special establishment has had to be entertained to clear the arrears of work. It is not, therefore, possible to reduce the strength of ministerial staff and thereby reduce the extra cost. The Council have also appointed a Retrenchment Committee and their labours are not yet complete So far, they are of opinion that it is not possible to reduce the staff..

5 It is not also possible to rearrange the numbers so as to reduce the cost, since according to the scale proposed, only the minimum number is provided in each grade, with due regard to the nature of the work - involved.

The scale of pay of the executive staff of the Engineering and Sanitary Departments of the Municipality has been revised so as to conform to that obtaining in the State D.P.W. and Sanitary Departments It is only the ministerial staff that is left untouched The revision as first proposed involved an extra expenditure of Rs.5,670/- per year It was then reduced to Rs.1,800/- and as per the latest proposal of Government the extra cost will be Rs.1,791/- per annum, which is not high, compared with the efficiency and advantage aimed at.

It may be mentioned in this connection that the

Serial No

Municipal revenue has increased considerably since the last revision of establishment in 1926 The Municipal revenue under Service Heads which was Rs 3,84,836/- in 1925-26, has increased to Rs.6,08,262/- in 1933-34 Further the number of houses existing which was 17,385 in 1925-26 has increased to 23,072 in 1933-34, and along with this, there has been a general increase of correspondence due to gradual expansion of the City. Considering the increase in revenue, the extra expenditure involved in the revision is not much

68 In these circumstances, it is requested that the proposal may kindly be favourably considered. The delay in ~~re~~ transmitting the file is regretted—

2. The revision of the Scale of pay of the Asst of the Bangalore Cityre Office has been sanctioned (vide enclosed), and in order to facilitate the transfer of Officials revision of the Asst of the Mysore City Office is also necessary

71 The President has explained above how it is not possible reduce the extra cost still further consistent with efficiency.

Bangalore.

Sir,

With reference to correspondence ending with your letter No.L. 1305/Ml.172-33-8 dated 23rd August 1934 suggesting for adoption in the Municipality of the scales of pay proposed therein so as to make the grades uniform with those obtaining in the Revenue Department, while retaining the extra cost at Rs.1,800/- per annum, I have the honour to state that the proposals contained in your letter were placed before the Council at their meeting held on 29th September 1934 and it was resolved that the proposals may be referred to the Managing Committee in the first instance for consideration and report The Managing Committee after careful consideration resolved in their meeting held on 24-10-34 that the suggestion contained in the Chief Secretary's letter are very useful and should be adopted in the interests of Municipal administration.

The recommendations of the Managing Committee were placed before the Council at their meeting held on 27th October 1934 and approved.

A copy of the Council's Resolution approving of the proposals is hereto appended.

I therefore request that the Government may be pleased to sanction the revision and adoption of the scales of pay of the ministerial establishment in the Municipality as proposed by Government and approved by the Council.

A proposition statement is also enclosed herewith.

I have the honour to be,
Sir,
Your most obedient servant,

Dear Mr Ranga Rao,

With reference to your D.O.No.L.4898/M1. dated 21st January 1935 in the matter of the revision of scale of clerical establishment of this Municipality, I write to state that I discussed the position with the Financial Secretary on the 29nd ult mentioned to him that the small increase due to the proposed - revision would not seriously affect the finances of the Municipality, and that the deficit was not due to fall in normal revenue or to rise in normal expenditure, but was due to different causes such as payment of interest charges and repayment of - loans obtained for improvement works from time to time The Firancial Secretary however, adhered to the view already expressed, and was of opinion that the revision may be deferred for the present and that since the establishment is working for some years past on the present scale, the same may be continued for some more time In view of this situation, the subject will again be placed before the Municipal Council on hearing from you and action taken to provide, with the approval of the Council, the cost of revision, in the Budget for 1935-36
